FILL UP ON CULTURE

To study well, you need to live well and that means taking advantage of all that the city has to offer. In Saint-Étienne, you will never be short of somewhere to go: it's buzzing with cultural venues and events.

The city is home to a number of major cultural institutions: a Zénith concert hall, a national drama centre, an opera house, the country's second most important museum of modern and contemporary art, the Cité du Design...

But that's not all - Saint-Étienne also has a host of more quirky venues! With two arthouse cinemas, several venues in converted former industrial buildings, the old school of fine arts which now houses two exhibition halls, a dynamic theatre with a rich dramatic and musical programme: something for everyone, literally!

SAILING IN SUMMER, SKIING IN WINTER

Not many large cities have nature on their doorstep in the way that Saint-Étienne does!

Just 15 minutes out of the city centre, the Pilat and the Forez mountains envelope the city in a mantle of green. And provide the ideal place to practise outdoor sports and leisure activities or just breathe the sharp, clean air!

In summer the place to be is the Saint-Victor water sports centre in the heart of the Loire Gorges.

In winter, 20 minutes is all it takes to reach the first cross-country ski trails.

No need to choose between the snow and the beach in Saint-Étienne!
