

CONFERENCE

Vendredi 13 janvier 2017 à 14h00

***Faculté des Sciences
Université Jean Monnet - Amphi D201***

du

Professeur Richard VENDITTI

***(Department of Forest Biomaterials
North Carolina State University - USA)***

**Toward bioeconomy : innovative
Polymers from Forest Raw Materials**

Richard Venditti topics :

Processing and utilization of natural polymers in new products and fuels,
Fundamentals of separation science in fiber processing,
Environmental life cycle analysis of products.
